

COMPASS GOLD: INVESTOR CONFERENCE CALL & REVIEW

Toronto, Ontario, June 21, 2019 – Compass Gold Corp. (TSX-V: CVB) (Compass or the Company) is pleased to announce that it will host a conference call at noon (Toronto time) on Tuesday, June 25th, to provide a review of the Company's recent activities, as well as its plans for further exploration at the Ouassada exploration permit on its Sikasso Property in Southern Mali.

Before the call, investors are invited to review the Company's latest news releases (<http://compassgoldcorp.com/category/news/>) as well as its Investor Presentation (<http://compassgoldcorp.com/investor-presentation/>)

Compass CEO, Larry Phillips, said, "We are very excited about the results we're continuing to receive from the field, and about the ongoing exploration work we are conducting now as we approach the rainy season in Mali near the end of the month. As we prepare for our Annual General Meeting later on Tuesday, we want to take this opportunity to provide investors with an exploration update, and to introduce our Chairman, Jamie Henderson, and our Exploration Manager, Dr. Madani Diallo, both of whom will be joining the rest of our management team on this call. We hope that you will either join us on this call or go to our website afterward to review the replay of this call."

The call is scheduled for Tuesday, June 25th, at 12:00 pm/noon Eastern time, and is to be recorded and available for later playback. Replay details will be available on Compass's website following the call.

About Compass Gold Corp.

Compass, a public company having been incorporated into Ontario, is a Tier 2 issuer on the TSX- Venture Exchange (TSX-V). Through the 2017 acquisition of MGE and Malian subsidiaries, Compass holds gold exploration permits in Mali that comprise the Sikasso Property. The exploration permits are located in three sites in southern Mali with a combined land holding of 854 km². The Sikasso Property is in the same region as several multi-million ounce gold projects, including Morila, Syama, Kalana and Kodiéran. The Company’s Mali-based technical team, led in the field by Dr. Madani Diallo and under the supervision of Dr. Sandy Archibald, P.Geo, is executing a technically-driven and comprehensive exploration program. They are examining numerous anomalies noted for further investigation in Dr. Archibald’s August 2017 *National Instrument 43-101 Technical Report on the Sikasso Property, Southern Mali.”

Qualified Person

This news release has been reviewed and approved by EurGeol. Dr. Sandy Archibald, P.Geo, Compass’s Technical Director, who is the Qualified Person for the technical information in this news release under National Instrument 43-101 standards.

Forward-Looking Information
